

Celexon Multicel Expert 4070

Leica CinePlay1 ceiling mount

The Leica Cine Play 1 combines elegant design with powerful short-throw technology and offers a high-quality home cinema experience in a minimal space. The celexon universal MultiCel Expert ceiling mount for ST projectors is the ideal addition for a fixed installation on the ceiling – technically perfectly matched to the requirements of the Cine Play 1.

Flexibly height-adjustable for medium ceiling heights. Mounting length 40-70cm. The stepless adjustment allows precise placement of the Leica Cine Play 1 – ideal for variable room concepts.
